UQ QUT Griffith Freshman Welcome Event **2026 S2**

Bring **1,000 students** right to your storefront

◆ Fri Aug 21

◆ 10:00 - 14:00

◆ Market Square Food Court

01

PART ONE

About the Festival

What this event is, who will be there, what happens on site,
and the **real outcomes** we have already seen before.

A back-to-school event that gathers new students from three universities in one place

The UQ QUT Griffith Freshman Welcome Event is designed for new students from UQ, QUT, and Griffith, bringing students, city-life resources, and local brands together during the back-to-school season. This event is jointly hosted by JR Academy and Market Square. Students arrive in concentrated waves to browse booths, collect gifts, complete stamp missions, join prize draws, and ask questions face to face, so exposure, interaction, and conversion all happen in one event.

1000+

Expected student turnout

3

UQ · QUT · Griffith

300+sqm

Food Court venue

Half day

10am–2pm concentrated traffic

A concentrated touchpoint for both students and brands

Welcome new students

Help new students settle into campus and city life with practical information and gifts.

Build brand awareness

Give merchants a direct showcase opportunity and strengthen awareness among young consumers.

Create interaction

Build a bridge between students and merchants through gifts and interaction that make brands feel approachable.

Gifts, prize draws, and interaction keep students on site

Free gifts

Students can claim a range of free benefits on site, which boosts attendance appeal.

Interactive activities

Fun activities increase participation and keep the venue lively.

Useful information

Resources for life, study, and campus support in Brisbane.

Pre-event exposure

Warmed up in tri-university communities before the event and placed on students' arrival checklist.

On-site conversion

Students browse booths, collect gifts, and scan QR codes to add WeChat.

Private follow-up

Post-event follow-up continues through QR scans, missions, and prize records.

Four core on-site segments in half a day

Gift distribution

Students collect a variety of orientation benefits on site.

Prize-draw interaction

9 prize-draw rounds and 100+ prizes in previous editions.

Stamp mission

Visit booths and collect stamps to exchange for draw tickets.

Peer advice

One-on-one help on enrolment, housing, and job hunting.

Students earn tickets in four ways

Every interaction leads back to one reward unit: the **draw ticket**. The more tickets students have, the better their chance to win, which naturally motivates them to browse booths, scan codes, form teams, and share online.

1**Check-in ticket**

Each student receives 1 ticket upon arrival and enters the prize pool immediately.

2**Team bonus**

Teams of 3 receive 2 tickets each, and teams of 5 receive 3 tickets each, encouraging group sign-ups.

3**Stamp mission**

Each merchant booth scan gives 1 ticket, with up to 8 by default, and **your store can be one of those check-in points**.

4**Social tasks**

Additional tickets are granted after verification of Xiaohongshu, WeChat Moments, or Instagram posts.

Market Square • 300+sqm Food Court venue

The event takes place in the open Food Court area inside Market Square. Students browse booths, scan QR codes, and ask questions within one core zone, while three queue areas on the left, middle, and right help keep traffic stable and manageable.

Booth setup

Each booth includes one 1.5m table and two chairs.

Zone layout

Left / middle / right zones plus the prize-draw stage.

Queue routing

Three queue zones distribute the crowd flow.

Past editions: queues, booth traffic, and a packed venue

This format has already been proven in previous editions

90%

On-site interaction rate

600+

On-site consultations

18

Merchant booths in prior editions

30 rounds

On-site prize draws

100+

Prize items

6

Peer advisors on site

PART TWO

Who Is Running This Event

JR Academy and the "Class Rep" student brand ecosystem:

9 years in the university market, with a multi-city and multi-campus media network.

JR Academy • 9 years in the Australian university student market

An education and career development organisation serving international students in Australia. Since launching the "Class Rep" student brand in 2017, JR Academy has collaborated with official university Orientation Weeks and co-hosted career talks, hackathons, and campus events with leading Australian companies. The UQ QUT Griffith Freshman Welcome Event is jointly hosted by JR Academy and Market Square.

9 years

Operating student brands

**4 cities •
8 campuses**

Mel • Syd • Ade • Bne

14

Social media accounts

Every year

Multiple offline events

A four-city, eight-campus content ecosystem that reaches young audiences precisely

The network covers eight universities across four Australian cities, with Brisbane reaching new-student communities at UQ, QUT, and Griffith. Accounts are updated frequently with active audience engagement, and content falls into four core categories:

University life

Subjects · housing · social life · campus guides

Education updates

Programs · further study · jobs · visa policy

Local events

Meetups · talks · offline perks

Starting uni

Onboarding · practical tips · common pitfalls

8

Account matrix

35k–49k

Average reads

4–5

Account rating level

A high-loyalty university community for targeted reach

The WeChat official account matrix has over 70,000 followers across four locations and eight campuses, with Brisbane centred on the UQ and QUT Class Rep accounts. Combined with private communities, brand messaging can be delivered by city and campus without being diluted by public-platform algorithms.

Official account matrix

6 official accounts with 70k+ cumulative followers.

Private communities

Class reminders, event calls, and benefit distribution.

Targeted reach

City- and campus-specific distribution.

Connected to both campuses and companies

Official university partnerships

Every February and July, JR Academy collaborates with official university Orientation Weeks, with daily traffic at a single campus exceeding 10,000 people.

Deep enterprise collaboration

Co-creates career talks, hackathons, and campus events with leading local Australian companies.

Brand activation experience

Multiple events delivered over 9 years, with 100+ average participants per event.

03

PART THREE

Your Traffic Plan

\$220 to join this orientation festival.

We bring students to your store, and you simply keep operating as normal.

These students will be right outside your store

The event takes place at Market Square. On the day of the festival, large numbers of new students will gather here to browse booths, collect stamps, and join prize draws, and they already need to eat, buy drinks, and shop.

**You do not need to go out and pull customers in.
The traffic is already at your doorstep.
What is missing is simply a reason for students to walk in.**

THE OFFER • JOINING PLAN

\$220

 to join this orientation festival

We take care of bringing students into your store, and you simply continue normal operations.

**Place visible signage at your storefront**

Let every passing student know your store is a participating merchant.

**Place a stamp QR code at the counter**

Students scan and add your account to receive one draw ticket.

**Students enter your store for tickets**

Turn "walking past" into "walking in", with natural chances for spending.

Draw tickets are the hook that brings students inside

Scanning inside your store is one of the ways to receive tickets. Students who want more tickets will actively walk in.

From sign-up to post-event, we handle the full coordination

1**Before the event**

Confirm participation, and we will install storefront signage, place the counter QR code, and include your store in online warm-up promotion and the stamp mission route.

2**On the event day**

Students arrive in waves and walk into stores to scan for stamp tickets. You keep trading as normal while our staff assist with guidance.

3**After the event**

The students added on WeChat become part of your private customer pool, allowing repeat promotion of new products, discounts, and repurchase offers.

What can \$220 bring back?

Same-day traffic

New students enter the store in concentrated waves and spend on site.

Student private traffic

Added contacts can be reached again and converted into repeat customers.

Brand exposure

Storefront signage plus event material visibility.

"We collected a group of highly relevant new-student leads through QR scans and could continue following up after the event. The ROI was strong."

— Previous education-service exhibitor

"The staff actively helped with guidance and communication, and the whole process was smooth. We could simply focus on our own interaction."

— Previous local F&B exhibitor

JOIN US

Let's bring students right to your doorstep

Spots are limited and available on a first-come, first-served basis. Join this orientation festival for \$220, and we will install the signage, place the QR code, and coordinate the on-site flow before the event. For Market Square tenants, this can be communicated directly as a co-hosted activity by JR Academy and Market Square.
